1. REGISTER OF ACTIONS

1.1 Counters in time mode for the manual categories

You can show the length of time registered while using a manual category instead of the amount of times you have registered it.

To do so select the manual category from the category template edition window and click on 

Button in time mode:

2. TIMELINE

2.1 Double click to rename categories

To quickly change the name of a category double click on it in the timeline. Type the new name in the text box and click on  to save the change. Pressing the Enter key will save the changes and automatically go to edit the next category.

2.2 Improvements in the drawing tool (text)

With these new option you can change the Font of the text by clicking on .

To set a solid color as a background for the text select it on  Color de fondo

To add a reference grid in order to make a draw click on 

2.3 Synchronized selected categories.

To adjust the time of several categories at the same time click on  and select the categories you want to modify. The next change to do will only affect the selected categories

2.4 Make a video with a Logo

To add a logo to the final video click on  from the video making window and then click on .

Add the logo you want by clicking on  and looking for the file and select the place on which the logo will be

Note: The recommended size for the logo will depend on the final video's resolution.

2.5 Make a video with transitions

To add a transition between 2 registers in your presentation click on  then on "Add video transition" and select the transition you want.

Note: Video transition will only be shown on the final video. It will NOT be shown when showing a presentation from the software

3. GENERAL CHANGES

3.1 Show video player time.

Now you can choose between 4 different ways to show the video player time. To do so go to the main menu and click on the tools tab. Click on "Options" and then on "Video player" finally select the option you want.
